

C-156 Parcel No. 3, Mesa No. 5 - Lukachukai Area - Shiprock Mining District

Date: November 1952 Engineer: Simmons

Stripped rim back about 100 feet to end of ore. Small show in face. Some ore to come out of bottom of stripped area in spring.

No effort has been made to develop ore found by AEC drilling.

Plans call for an independent operation on this mesa in the spring.

All company mining during the winter will be confined to Mesa No. 1. Production rate at present is 3000 tons of .25% U₃O₈ per month. While the operators think they can hold this figure, I'd be more inclined to think they will have to settle for a tonnage around 2000. The mine is capable of 3000 to 4000 tons a month but not at its present stage of development.

In conjunction with the mining, plans call for rim stripping from Mesa No. 1 to Mesa Nos. 1 $\frac{1}{4}$ and 1 $\frac{1}{2}$. These mesas are unexplored but hold promise of being as well mineralized as Mesa No. 1.

No work will be started on the south side until spring. At present, one caterpillar is helping the AEC road crew complete a road from the south side to the ridge saddle at the head of Mesa No. 4.

Ultimate potential of the entire area is now thought to approach the 1,000,000 ton mark.

C-156 ~~PARCEL~~ Mesa 5 (Kerr McGee)

Final

Presley 9-13-55

This property exhausted the bonus prior to June '55. Presently 2 miners are working an incline operation, one miner hand ~~tramping~~ *tramping* from the face to foot of incline and other man hoisting and dumping. One is sorted from waste in carload lots via counter. Breast shows 6-8" of good carnotite in a red rock. Small blebs of carnotite in red rock appear to make the rock run ore grade. This is the only active working place, but several adits were worked previously.

CERTIFICATION OF DAN PHILLIPS LEASE BLOCK ON MESA 5, LUKACHUKAI MOUNTAINS,
APACHE COUNTY, ARIZONAW. S. Hutchinson
9/20/52

SYMBOL: MI:IRT

C-156

The Navajo Uranium Company submitted an application for certification of their Mesa No. 5 property, Lukachukai Mountains, Apache County, Arizona. The area under consideration is a 130 acre block of the Dan Phillips Indian Lease No. 8666, located on Mesa 5.

The application was received in this office on September 28, 1951. P. W. Simmons and I. R. Taylor examined the Navajo Uranium Company holdings in the Lukachukai area from October 23 to 27, 1951.

Recommendation

The 130 acre block of the Dan Phillips lease which is located on Mesa 5 is recommended for one bonus certification for the following reasons:

1. Production has not exceeded 10,000 pounds U₃O₈.
2. The conflict with the Cato No. 1 has been settled to the satisfaction of both parties and a well marked boundary line established. No other conflicts were noted.
3. There are no contiguous properties of the same ownership.
4. The block is mapped and tied to Cove Day School and Mt. Lukachukai.

Ownership and Status of Land

Navajo Uranium and Climax Uranium are operating on Mesa No. 5. There was a conflict between Climax and F. A. Sitten, Inc., both claiming the entire mesa. The dispute was settled by compromise and Mesa 5 was divided into two 130 acre blocks. Navajo Uranium Company is now mining on the east half of the mesa under the Dan Phillips lease. Climax is operating on the west side of the mesa on the Cato No. 1, under a mining permit issued to Cato Sells.

The 130 acre block on Mesa 5 is a portion of the 640 acres leased under Indian Lease No. 8666 to Dan Phillips. Navajo Uranium operates the property, furnishing all of the working capital and paying a 5 per cent royalty to Phillips and a royalty to the Navajo Tribe.

The lease is on record at the Apache County Court House, St. Johns, Arizona, Book 3, Pages 623-624.

MAT. 15-3

Cert. 156

Part No. 3 of Dan Phillips Lease

November 16, 1951

Possible Conflicts

The conflict between Navajo Uranium and Climax Uranium has been settled in a manner agreeable to both parties. These companies now operate on 130 acre blocks held under mining lease by Dan Phillips and mining permit by Cato Sells. No current conflicts were noted. The two blocks fully cover Mesa No. 5, so future conflicts are not probable. A well marked boundary between the two properties has been established.

Production

There was no production from Mesa No. 5 during the period from April 9, 1948 to February 28, 1951. The property is eligible for bonus payment on the full 10,000# U₃O₈.

CERTIFICATION OF PARCEL NO. 3 OF THE DAN PHILLIPS LEASE NO. 1 119-IND.
8666, MESA NO. 5, LUKACHUKAI MOUNTAINS, APACHE COUNTY, ARIZONA

SYMBOL: MI:7HT

Abstract:

Parcel No. 3 of the Dan Phillips Lease (No. 1 119-Ind. 8666) is a one hundred thirty acre tract covering approximately one-half of Mesa No. 5. The property was operated by Navajo Uranium Company under an assignment from Dan Phillips of a three-fourths interest in his lease and an agreement with him in which he agreed to accept a royalty payment in lieu of his remaining one-fourth interest.

As defined on the attached map, Parcel No. 3, Lease No. 8666, is recommended for one bonus certification.

There was no production from Mesa No. 5 for the period April 9, 1948 to February 28, 1951. The property appears eligible for bonus payment on 10,000 pounds U₃O₈.

Introduction:

The Navajo Uranium Company, P.O. Box 608, Cortez, Colorado, submitted an application for bonus certification of their Mesa No. 5 property in the Lukachukai Area.

The application was received in this office on September 28, 1951. P. W. Simmons and I. R. Taylor examined the Navajo Uranium Company holdings in the Lukachukai Area from October 23 to 27, 1951.

The original engineer's report dated November 16, 1951, is herein revised to include a certified map and a more detailed description of the boundaries. This information was furnished by Mr. G. R. Kennedy, Vice-President and General Manager of Navajo Uranium Company, in a letter dated March 31, 1952.

In a letter of December 15, 1951, Edmond Key III, Secretary-Treasurer of the Company, submitted copies of the instruments effecting their interest in the property.

MAT 15-3
Cert. 156

Parcel 3 of
Dan Phillips lease

August 20, 1952

Since the examination and original report, the Navajo Uranium Company's interests in the Lukachukai Area have been acquired by Kerr-McGee Oil Industries, Inc.

Status of Land:

Parcel No. 3 is one of three lease tracts included in the Dan Phillips Lease (Contract No. I 119 - Ind. 8666) of Navajo Tribal Lands in the Lukachukai Area, Shiprock Mining District, Apache County, Arizona. The property considered for certification in this report is a 130 acre tract on the south side of Mesa No. 5 designated as Parcel No. 3 on the attached map.

The property was surveyed and mapped by T. T. Burnett, a registered professional engineer and land surveyor, during February and March 1952.

The property is described by notes and bounds as follows:

Beginning at the northeast corner on Parcel No. 3, a point marked by a pruned pine tree whose geographical co-ordinates are Latitude $36^{\circ}-32'-39."$ 51 North, Longitude $109^{\circ}-11'-24."$ 64 West of Greenwich. Luka, a U.S. Geological Survey Triangulation Station (Lat. $36^{\circ}-30'-13."$ 42 N., Long. $109^{\circ}-11'-49."$ 42 West) bears S. $40^{\circ}-37'-31"$ E. a distance of 19,461.7 feet from the point of beginning; thence, S. 72° W. a distance of 5240 feet to the northwest corner; thence, S. 68° E. a distance of 2250 feet to the southwest corner; thence, N. 71° E. a distance of 330 feet to a corner; thence, N. 30° W. a distance of 530 feet to a corner; thence, N. $22^{\circ}-30'$ E. a distance of 810 feet to a corner; thence, S. $51^{\circ}-30'$ E. a distance of 1685 feet to a corner; thence, N. 47° E. a distance of 2085 feet to the southeast corner; thence, N. 19° W. a distance of 926 feet to the point of beginning, containing 130 acres more or less, as surveyed by Thomas L. Tripp, Engineer, in September 1950 and revised May 7, 1951, after joint survey for division of Mesa No. 5 with Cato Sells.

Ownership:

Navajo Uranium Company's interests on Mesa No. 5 were acquired through a lease of Navajo Tribal lands issued to Dan Phillips on 640 acres. The report on Parcel No. 1, Lease No. 8666, outlines the steps through which Navajo Uranium Company gained the mining rights on areas covered by the Dan Phillips lease.

August 20, 1952

Originally all of Mesa No. 5 was claimed in Lease No. 8666. A conflict arose between F. A. Sisson, Inc., and Climax Uranium Company, both parties claiming the entire mesa. The dispute was settled by compromise and Mesa No. 5 was divided into two 130 acre blocks, Navajo Uranium Company operating on the south side of the Mesa under the Dan Phillips Lease and Climax Uranium operating on the north side on the Cato No. 1 under a mining permit issued to Cato Sells.

This compromise and the subsequent loss of half of the mesa undoubtedly accounts for the difference in the 640 acres included in the original lease and the 528 acres contained in the three parcels constituting the property now operated under the Dan Phillips lease.

The Dan Phillips Lease No. 8666 is on record at the Apache County Courthouse, St. Johns, Arizona, in book 3, pages 623-624.

Production:

There was no production from Mesa No. 5 during the period from April 9, 1948 to February 28, 1951. Parcel No. 3 of the Dan Phillips lease appears eligible for bonus payments on 10,000 pounds U_3O_8 .

Recommendations:

Parcel No. 3 of the Dan Phillips lease, located on Mesa No. 5, is recommended for one bonus certification for the following reasons:

1. No production from the property prior to February 28, 1951.
2. The conflict with the Cato No. 1 has been settled to the satisfaction of both parties and a well marked compromise line established. No other conflicts were noted.
3. There are no contiguous properties of the same lease status.
4. The block is mapped and tied to Iuka, a U.S. Geological Survey Triangulation Station.

Gentlemen:

Reference is made to your applications dated February 28, 1956 requesting a re-evaluation of the method of certifying properties under your control in the Lukachukai Mountains, Shiprock Mining District, Apache County, Arizona. Our engineers have completed an investigation of the entire certification unit structure. The unit structure as now established is as follows:

<u>Cert. No.</u>	<u>Description of Unit</u>	<u>Lbs. orig. cert. eligible</u>	<u>Eligible balance as of 7/20/56</u>
DUP C6-C-149	Parcel No. 2, Dan Phillips Lease No. 8666	3,556.83	None
DUP C6-C-155	Parcel No. 1, Dan Phillips Lease No. 8666	8,554.73	None
DUP C6-C-156	Parcel No. 3, Dan Phillips Lease No. 8666	10,000.00	None
DUP C6-C-158	Parcel No. 2, Koley Black Lease No. 8667	8,554.72	8,440.66
DUP C5-C-424	Parcel No. 3, (Sometimes known as Parcel Nos. 4 & 3) Koley Black Lease No. 8667 Parcel Nos. 1 & 2, Koley Black Permit No. 239 Parcel No. 2, Henry Phillips Permit No. 93	10,000.00	6,019.81

COPY

See DUP C6-C-149

COPY

August 20, 1956

<u>Cert. No.</u>	<u>Description of Unit</u>	<u>Lbs. orig. cert. eligible</u>	<u>Eligible balance as of 7-20-56</u>
DUP C6-C-483	Parcel No. 1 Tom Joe Permit No. 57	10,000.00	None
1/ DUP C6-C-606 as amended	Parcel Nos. 3,4,&5 Henry Phillips Permit No. 93	10,000.00	10,000.00
2/ DUP C6-C-773	Parcel No. 1 Dan Phillips Estate, Permit No. 150 Parcel Nos. 1,2,3,4,&5 David Phillips, Permit No. 21	10,000.00	10,000.00
3/ Ineligible Unit	Parcel No. 1 Koley Black Permit No. 8667 Parcel Nos. 2 & 3, Dan Phillips Estate Permit No. 150	0.00	0.00

1/ This unit was originally certified on October 12, 1955, to consist of Parcel Nos. 4 & 5, Henry Phillips Permit No. 93; Parcel No. 1, David Phillips Permit No. 21; and Parcel No. 1, Dan Phillips Estate, Permit No. 150. The action hereby being taken amends the unit as shown above.

2/ This is a new unit not previously certified. Parcel No. 1, Dan Phillips Estate, Permit No. 150 and Parcel No. 1, David Phillips Permit were prior to this action, included in the unit certified under D.U.P. C6-C-606.

3/ This is a unit considered to be ineligible for certification because it produced in excess of 10,000 pounds of U₃O₈ between April 9, 1948 and February 28, 1951.

Your attention is invited to paragraph (h) of Circular 6 which points that the Commissions decision on these matters is final. This is intended to be our final decision with respect to these tracts, except that the units may be amended to include new tracts.

Enclosed herewith are several "Application for Bonus Payment" forms for your use in applying for bonus.

Very truly yours,

R. H. Toole, Chief
Leasing & Development Branch
Mining Division

Re: CERTIFICATION OF PARCEL NO. 3 OF THE DAN PHILLIPS LEASE NO. 1
149-IND. 8666, MESA NO. 5, LUKACHUKAI MOUNTAINS, APACHE COUNTY,
ARIZONA

Gentlemen:

Your application for certification of the above named property has been examined by our engineers.

The mining property as certified is that parcel of land described in the lease as follows:

Beginning at the northeast corner on Parcel No. 3, a point marked by a pruned pine tree whose geographical co-ordinates are Latitude $36^{\circ}-32'-39''.51$ North, Longitude $109^{\circ}-14'-24''.64$ west of Greenwich. Luka, a U.S. Geological Survey Triangulation Station (Lat. $36^{\circ}-30'-13''.42$ N., Long. $109^{\circ}-11'-49''.42$ west) bears S. $40^{\circ}-37'-31''$ E. a distance of 19,461.7 feet from the point of beginning; thence, S. 72° W. a distance of 5240 feet to the northwest corner; thence, S. 68° E. a distance of 2250 feet to the southwest corner; thence, N. 71° E. a distance of 330 feet to a corner; thence, N. 30° W. a distance of 530 feet to a corner; thence, N. $22^{\circ}-30'$ E. a distance of 810 feet to a corner; thence, S. $51^{\circ}-30'$ E. a distance of 1685 feet to a corner; thence, N. 47° E. a distance of 2085 feet to the southeast corner; thence, N. 19° W. a distance of 926 feet to the point of beginning, containing 130 acres more or less, as surveyed by Thomas L. Tripp, Engineer, in September 1950 and revised May 7, 1951, after joint survey for division of Mesa No. 5 with Otto Sells.

See next page
